

### **The REALITY that is unfolding**

I pray for a fresh revelation of King Jesus.

Become ever more real to me Jesus.

I need your friendship

I need your salvation

I need your example

I need your forgiveness

I need your presence.

At the start of the New Year I pray:

Your life in me

My life for you

Your life through me

My life for your world

### **The ROLES that you are to play**

Jesus I accept the call to be your witness;

To live your life before others;

To show your love to those I meet, whether friend or enemy;

To share what you have given me with those who are still in need;

To speak of your love for me with honesty and courage

At the start of the New Year I pray:

Your life in me

My life for you

Your life through me

My life for your world

### **The RESOURCE that you will need**

Jesus I hear your call to wait for the Spirit

I'm thirsty, dry

and the fire of my passion often burns low.

Come Holy Spirit, (repeat)

Come fire of the Spirit, purify my heart and make me shine with the life of Jesus

Come wind of the Spirit and blow me into your world with fresh power to serve.

I need you,

At the start of the New Year I pray:

Your life in me

My life for you

Your life through me

My life for your world

### **The REACH of your work**

Jesus I hear your intention to reach your world.

I give myself to start where I am

And I open myself to go where you will send.

Grant opportunities to share faith on my frontline

Grant me discernment to see those opportunities

And grant the courage and wisdom to take them.

At the start of the New Year I pray:

Your life in me

My life for you

Your life through me

My life for your world
