

Be the Light!!! Matthew 5:14

Pumpkins

Instead of scary faces, why not carve out a cross or hearts. There are lots of ideas on google images or pinterest for alternative pumpkin carving. You can also use the inside of the pumpkin to make soup or cakes so nothing gets wasted.

Dig out the Fairy Lights

Put up lights in your window or get creative with Fairy lights in bedrooms or your lounge.

You could create a prayer zone by pegging photos of people, things or places you want to thank God for.

Plan some Family Fun

Plan a fun night of doing something fun as a family. Perhaps you could try one of the following or come up with your own idea:

- Create your own Pizza Night
- Board Games Night
- Movie night
- Ice cream Bar
- Disco Night
- Creative Craft Night
- Lego Night

Make light pictures to display in your window

You could use leaves and twigs to create a picture of a bonfire or a candle or you could get messy and paint handprint pictures instead.

If messy isn't your thing then you could draw around your child's hand on coloured paper instead or you could use leaves or tissue paper.

Homemade Lanterns

Have fun making homemade leaf lanterns or upcycled plastic bottle lanterns. You will need battery operated tea lights or battery operated fairy lights to pop inside. Follow the links to find out how:

Tealight Holders

Have a go at making your own tea light holders out of salt dough. You can paint them or decorate them with glitter and sequins or just make cool patterns in them with cocktail sticks.

You could use them to make a pathway to the treats or just make a really cool pattern with them!
